The eyes and ears of the JUDGE... The voice of the CHILD

A CASA Volunteer is an individual who has been screened, trained and appointed by the court to advocate for children who come into the court system primarily as a result of abuse or neglect.

A CASA Volunteer reviews records; facilitates a thorough review of the case; and interviews appropriate parties in order to make recommendations on what would be in the best interest of the child.

The Mission of CASA of Grant County, Inc. is to advocate for the best interests of abused and neglected children involved in judicial proceedings through the use of specifically trained community volunteers. Volunteers advocate for timely permanence planning for the child in a manner reflecting what is in the best interest of the child regarding safety, stability and permanency.
